## Learning Outcomes

- Discuss important points of Recognized And Generally Accepted Scriptural Texts (RAGAST) as they relate to spiritual safety.
- Identify how sacred religious texts provide a framework for ethical behavior and character development.

## Reading

- Foundations of Spiritual and Physical Safety: with Chemical Processes; Chapter 9

Accepted Scriptural Texts

## Action Items

1. Review the story of Alma and Amulek witnessing the deaths by fire and analyze their actions using three ethical frameworks (duty, virtue, utilitarianism, etc.).
2. Personal Reflection: Pick two ethical principles taught by Jesus Christ in the Sermon on the Mount and write 3-5 sentences on how you can implement them in your professional life.
3. Write two descriptive paragraphs describing how specific principles from religious texts have benefited humanity.
